Visualize Success Golf Event

Embassy Suites & Conference Center, Rocky River Golf Course

Our Captains Choice/Best Ball Golf Tournament promises to be a fun and relaxing pre-conference event designed to welcome everyone, from the seasoned pro to the beginner who has never picked up a club.

With Captains Choice style play, your foursome plays from the location of your team's 'best ball', making play fast, fun and welcoming for players of any skill level. Even if your ball feels more at home in the woods, water or sand, you'll still have fun as you try again from a teammate's better vantage point.

The Rocky River Golf Course is a beautifully, well-maintained course with rolling fairways, bent grass greens, and lush foliage.

The golf event will begin at 9:00 am on Wednesday, March 25, and will wrap up mid-day for an exceptional lunch with cocktails and awards ceremony in Rocky River's excellent Stonehouse Grille.

The cost to participate is **\$125** per player for the 18-hole round with cart, range balls, lunch and 19th hole festivities.

Rooms have been reserved for Tuesday evening to ensure golfers receive the discounted conference room rate.

We want to hear from you. If you are considering playing, please let us know. We would like to get a preliminary headcount. Email Elisabeth, our event coordinator :

elisabeth.mendicino@visualsouth.com,

Subject line: I'm considering playing in the golf event.

Registration will begin in December.

Visual South's 2009 User Conference

The planning and preparation for **Visualize Success 2009** is underway. We are excited to announce we will be hosting this much anticipated event in Concord, NC from **March 25–27, 2009**. Our venue will be the comfortably luxurious Embassy Suites and Conference Center located in Concord, NC. www.embassysuitesconcord.com.

We are making some exciting additions and changes to this year's Visualize Success conference. We are adding a pre-conference golf event, (please see "Points of Interest"), more

time slots for in-demand breakout sessions, roundtable discussion sessions, and exciting entertainment plans for the evening of the 26th.

Details for event pricing, session information and more will be available in the December issue of our *Insight* newsletter and on our website. Mark your calendars for March 25–27, 2009. We look forward to seeing you then!

Registration will begin in December.

Simplified Job Tracking

Simplified Job Tracking (SJT) is an easy to use, inexpensive program that works with VISUAL to:

- Track a job's progress through the shop floor with a single scan at each work center
- View and confirm/change all auto-issued materials with that same single scan
- Automatically receive the completed quantity from the last operation into inventory
- Significantly reduce the time spent to capture labor and inventory transactions
- Default to standard quantities and hours, with the ability to override
- Greatly improve costing, inventory, and scheduling accuracy

In addition, SJT can be mixed & matched with any other VISUAL Labor Barcoding (even on the same machine).

It does not use VISUAL licenses, and can be used on as many stations as you wish.

Best of all, Simplified Job Tracking pays for itself, usually within the first month of use. To find out more, call your sales rep or our office at 704.721.6020. With SJT, labor collection has never been simpler.
